## **Ron Paul Is A Nut (And So Am I)** James Leroy Wilson

In this, his first book, James Leroy Wilson takes on Congressional busy-bodies, dictatorial Presidents, over-reaching federal judges, and the moralists, globalists, and socialists of all parties who believe government has a duty to meddle in other countries and in our private lives. Defending the individual against the state, the market against the central planners, and the local against the global, Wilson employs a unique style with insightful social commentary to argue that the Constitution is the best prescription for peace, prosperity, and freedom.
