(Book). One of the most successful rock acts of all time, Genesis enjoyed a longevity exceeded only by the likes of the Rolling Stones and the Kinks, and provided a launching pad for superstars Peter Gabriel and Phil Collins. Turn It On Again is the first book to document the complete history of this popular and influential band, bringing their story up-to-date while placing them in the context of their time. It explores the relationship between the band and the remarkable solo careers it spawned. Drawing on dozens of exclusive interviews with band members past and present, as well as the musicians' friends and associates, author Dave Thompson chronicles Genesis' evolution from progressive-rock visionaries to mainstream rock stars, and the continuing careers of its most famous alumni.
