## **Gardening for Beginners Box Set (4 in 1)**

### **Book One: Beginner's Raised Bed Gardening: Five Steps to Building Your Own Raised Bed and Grow Your Vegetable Garden**

Right now, you probably have grown tired of depending on canned or frozen vegetables from your pantry or freezer. If you like playing in the dirt, maybe you have tried your hand at gardening. But we're not getting any younger, and the ground seem so much farther away now than when we were kids.

If you want to renew your love for growing things, this is the book for you. If you want healthier, natural foods you grow yourself, this book is for you too. If all you want is some tips on how to make the process easier for yourself, or maybe want to share your love with others, this guide has you covered.

#### **Inside You Will Learn:**

- How to lift your growing Bed to a functional height
- Simple steps to better cultivation
- The Bonsai strategy of Elevated Gardening
- Which plants thrive in raised bed gardening
- How to handle various gardening challenges
- And Much More

### **Book Two: Square Foot Gardening: Grow more Crops, Save Space, Time, and Money for Beginners**

For many gardening is a passion that can't be realized for one reason or another. Others feel that they have to

grow a lot of the same crop in order to qualify as a garden. And others feel that they are just getting too old to be digging up the yard, pulling up weeds and all of the other back breaking work that is involved in traditional gardening.

Well in this book we will show you a way that you can have the best of both worlds. We will show you how you can have your very own fully functional garden with little to no headache.

I am talking about square foot gardening. It is a concept in gardening that was developed in the early 1980's to allow people to have a garden, beautify their homes and much more. In this book we will talk about what square foot gardening is, what you will need and what can actually be grown in your gardens and why.

## **Book Three: Container Gardening: Use Different Containers to Grow Vegetables and Herbs from the Comfort of Your Home with Minimum Effort**

Turning a porch, patio or balcony into a mini-garden can be possible when you look at container gardening. This is really one of the best and newest hobbies out there today and for those who haven't got the luxury of a full green lawn; this is the next best thing.

Container gardening is quite unique in a sense and it certainly does open the door to new and exciting possibilities. However, it's simple to do even when you have little or no gardening experience. Anyone can set up their own little mini container garden whether they have a big yard outside or live five floors up in a small Brooklyn apartment.

### **Inside You Will Learn:**

- What Container Gardening Is
- How To Successfully Take Up Container Gardening
- How You Can Approach Container Gardening
- Simple Steps To Take To Set Up A Mini-Garden In-doors
- Basic Errors To Avoid When Using Container Gardening
- And Much More

## **Book Four: Vertical Gardening: A Step-by-Step Guide to Growing Organic Vegetables and Fruit Without a Yard**

Vertical gardening is not complicated by any means. In fact, it's a great, easy way to take advantage of a limited amount of space. If you live in an apartment you'll definitely have trouble creating a complete garden because you don't have a lot of space. If you really want to make sure that you have plenty of fruits and vegetables but you don't want to use up a lot of your space this is the way to do it.

## Inside You Will Learn:

- What is Vertical Gardening?
- How Does Vertical Gardening Work?
- What Can You Grow in a Vertical Garden?
- What is Organic Gardening?
- How Does Organic Gardening Differ From Traditional Gardening?
- How Do You Start Your Vertical Garden?
- And Much More
