The Theology of Time is a 20 lecture book presented by Elijah Muhammad, Messenger of Allah. It was a dedication to what had become the Nation of Islam's official headquarters. It was known as Muhammad Temple #2 in Chicago. The lecture series ranged from June thru October 1972. What made this dedication very significant is that prior to this time, dating as far back as 1967, the Messenger rarely spoke on the scale he had previous to this time. It wasn't uncommon to either hear him on radio broadcasts or one of his ministers. Having been prohibited to speak by Allah up to this point, this represented a significant occasion. Elijah Muhammad covered a wide and comprehensive overview of his entire program, concepts and lessons. This is by far the most wide ranging example of his teaching. Many of the subjects he taught was scattered over the entire period, which is why in this subject-indexed version, the subjects were put together instead of leaving them scattered.
