56 CDs. This set does not come with a syllabus book. Mayo Clinic Internal Medicine Board Review is an intensive program designed to help physicians apply the 'finishing touch' to their preparations for the American Board of Internal Medicine (ABIM) certification and maintenance of certification examinations. For the practicing physician, it also provides a comprehensive overview of all areas in Internal Medicine. Profile This education activity is a recording in CD (audio) of the Internal Medicine Board Review: Certification & Maintenance of Certification held 2006 at Mayo Clinic. Physician participation in this activity consists of reviewing the MP3 files and completing the self-assessment and evaluation. It is highly recommended that you purchase the syllabus in conjunction with this product since it might be difficult to learn from the audio alone. Duration/Completion Time: 60.75 hours Hardware/Software Required: Compact disc (CD) player or computer with CD/DVD ROM. Learning Objectives Upon conclusion of this program, participants should be able to: Describe appropriate evaluation and management of internal medicine diseases likely to appear in the ABIM examination Describe techniques to improve test taking skills Identify uncommon manifestation of common problems Identify common symptoms of uncommon medical problems Review of simulated questions likely to appear in ABIM (Certification and Maintenance of Certification exam Review MOC requirements Review key images and key points to enhance understanding of new knowledge Review study techniques to prepare for certification examination Review common pitfalls in board taking examination (lack of knowledge, inability to review information, inadequate medical decision-making capabilities)
