The Harvester is out there...watching, waiting, biding his time.

FBI cult specialist Lilith Munroe lives in dread that one day the man who tortured her when a case went bad will find her again. So leaving her sanctuary in Quantico to join the Harvester Task Force in Boston is her version of hell. But the Harvester is kidnapping babies, and Lilith's profiling skills may mean the difference between life and death for the most innocent in society.

Australian millionaire and former member of the New Horizon commune Jacob Andrews returns to the United States searching for his sister. Instead of the happy reunion he expects, he discovers she is dead and his twin brother may be responsible. He agrees to lend his law enforcement skills to help find his former cult leader before the man can implement his plan to kill millions.

Now uneasy partners, Jacob and Lilith must learn to trust each other even as they fight their growing attraction. But when Lilith's greatest fears materialize, will Jacob be able to set aside his anger and save the woman he loves?
