Cold War Peacemaker: The Story of Cowntown and the Convair B-36 Dennis R. Jenkins, Don Pyeatt
Great airplanes don't simply appear in history, they evolve through a myriad of technological, political, and economic processes. In this book you will experience one of the most unlikely developments in aviation history the Convair B-36 very-long-range nuclear bomber. From its beginnings during the world's greatest conflict, through construction in a former wild-west cattle town, and deployment into the Cold War, the story of the Convair B-36 and how it intimidated the Soviet Union is an interesting study in politics and technology. In *Cold War Peacemaker*, you will experience life during the Cold War as your parents and grandparents lived it. You will meet military leaders, politicians, cowboys, tycoons and a cowboy tycoon who worked together to save the free world from communist domination. You will also see up-close the amazing technology of aviation at the beginning of the nuclear age and how it was manifested in the B-36.
