The Aztecs

Michael E. Smith

The Aztecs Michael E. Smith

This book is a vivid and comprehensive account of the Aztecs, the best-known people of pre-Columbian America. It examines their origins, civilization, and the distinctive realms of Aztec religion, science, and thought. It describes the conquest of their empire by the Spanish, and the fate of their descendants to the present day in Central Mexico, making use of the results of the latest excavations, historical documentation, and the author's first-hand knowledge. There is also a fascinating and detailed account of the daily life of the Aztec people, including their economy, family life, class system, and food. This second edition updates the original text with new descriptions of major archaeological sites such as Malinalco and Tlatelolco and expanded coverage of codices, religion, and areas distant from the capital. Dozens of photographs and illustrations have been added for this edition, making this the most informative and up-to-date treatment of Aztec civilization.

From reader reviews:

Justin Price:

What do you ponder on book? It is just for students as they are still students or the idea for all people in the world, what best subject for that? Merely you can be answered for that question above. Every person has distinct personality and hobby for each and every other. Don't to be obligated someone or something that they don't would like do that. You must know how great in addition to important the book The Aztecs. All type of book can you see on many solutions. You can look for the internet sources or other social media.

Jacqueline Stalling:

Now a day people that Living in the era just where everything reachable by match the internet and the resources within it can be true or not demand people to be aware of each facts they get. How individuals to be smart in having any information nowadays? Of course the correct answer is reading a book. Looking at a book can help people out of this uncertainty Information specially this The Aztecs book because this book offers you rich data and knowledge. Of course the details in this book hundred per cent guarantees there is no doubt in it you know.

Phyllis Tucker:

Reading a book tends to be new life style on this era globalization. With examining you can get a lot of information that could give you benefit in your life. Together with book everyone in this world can certainly share their idea. Ebooks can also inspire a lot of people. A great deal of author can inspire their reader with their story as well as their experience. Not only situation that share in the publications. But also they write about the ability about something that you need example. How to get the good score toefl, or how to teach children, there are many kinds of book which exist now. The authors in this world always try to improve their ability in writing, they also doing some investigation before they write to their book. One of them is this The Aztecs.

Linda Meier:

This The Aztecs is great reserve for you because the content and that is full of information for you who else always deal with world and get to make decision every minute. This book reveal it information accurately using great coordinate word or we can point out no rambling sentences inside it. So if you are read it hurriedly you can have whole information in it. Doesn't mean it only offers you straight forward sentences but difficult core information with attractive delivering sentences. Having The Aztecs in your hand like obtaining the world in your arm, data in it is not ridiculous 1. We can say that no e-book that offer you world with ten or fifteen second right but this book already do that. So , this is good reading book. Hello Mr. and Mrs. hectic do you still doubt this?
