The question is always the same - how is it possible you're still single?

Stacey Levin and Robin Mesger are two good looking, successful, smart, Jewish women originally from New York who live in Los Angeles. And collectively, they've been asked that question more times than either cares to remember.

After taking a deep breath, they began online dating and dove in head first to a world where they met men of all ages and types. After experiencing their own dating adventures along with those of friends, they realized this cyberworld was bigger than they ever imagined. Just about everyone has, had or knows someone with an online dating story.

I Don't Want to Die Alone! is a non-fiction book of hilarious, poignant and sometimes freaky stories from real people who went on online dates. Also included are some of the actual emails Stacey and Robin received that made them laugh out loud or in some cases, alert the authorities. Anyone who has online dated will relate and anyone who is happily married will kiss their spouses good night with a whole new outlook on life. Regardless of who you are, this book will make you laugh. They guarantee it.
