Geometry - Intuitive, Discrete, and Convex: A Tribute to László Fejes Tóth (Bolyai Society Mathematical Studies)

The present volume is a collection of a dozen survey articles, dedicated to the memory of the famous Hungarian geometer, László Fejes Tóth, on the 99th anniversary of his birth. Each article reviews recent progress in an important field in intuitive, discrete, and convex geometry. The mathematical work and perspectives of all editors and most contributors of this volume were deeply influenced by László Fejes Tóth.

From reader reviews:

Margaret Soto:

Book is to be different for each grade. Book for children until finally adult are different content. To be sure that book is very important for all of us. The book Geometry - Intuitive, Discrete, and Convex: A Tribute to László Fejes Tóth (Bolyai Society Mathematical Studies) ended up being making you to know about other knowledge and of course you can take more information. It is extremely advantages for you. The e-book Geometry - Intuitive, Discrete, and Convex: A Tribute to László Fejes Tóth (Bolyai Society Mathematical Studies) is not only giving you considerably more new information but also for being your friend when you truly feel bored. You can spend your spend time to read your publication. Try to make relationship with the book Geometry - Intuitive, Discrete, and Convex: A Tribute to László Fejes Tóth (Bolyai Society Mathematical Studies). You never feel lose out for everything if you read some books.

Maria Hughes:

As people who live in often the modest era should be revise about what going on or details even knowledge to make them keep up with the era and that is always change and progress. Some of you maybe can update themselves by studying books. It is a good choice for yourself but the problems coming to anyone is you don't know which one you should start with. This Geometry - Intuitive, Discrete, and Convex: A Tribute to László Fejes Tóth (Bolyai Society Mathematical Studies) is our recommendation so you keep up with the world. Why, because this book serves what you want and need in this era.

Doris Blair:

Can you one of the book lovers? If so, do you ever feeling doubt while you are in the book store? Aim to pick one book that you never know the inside because don't ascertain book by its cover may doesn't work this is difficult job because you are scared that the inside maybe not as fantastic as in the outside appearance likes. Maybe you answer may be Geometry - Intuitive, Discrete, and Convex: A Tribute to László Fejes Tóth (Bolyai Society Mathematical Studies) why because the wonderful cover that make you consider in regards to the content will not disappoint you actually. The inside or content will be fantastic as the outside or perhaps cover. Your reading 6th sense will directly make suggestions to pick up this book.
