Test of a Divine Message: A True Story about an Encounter with an Angel A. E. Clement

This book contains a true life story about a person who is being visited by an Angel or Being with an important message for Humanity. In the interest of making certain that the message is truly from a higher power, the author of this first book has devised four tests for this Being that defy energy, matter, time and space as we know them. Everyone who purchases and reads this volume will be part of these tests. Should the entity or Angel pass all four tests as they've been detailed in this book, then it will result in a modern day miracle for the whole world to see. This means that he is without a doubt from a higher source and the message to be relayed isn't just for the people reading this book or for the author alone. It is for all Humanity. The results of these tests will be available through the website www.TestofaDivineMessage.com.
