## **The Car Hacker's Handbook: A Guide for the Penetration Tester** Craig Smith

Modern cars are more computerized than ever. Infotainment and navigation systems, Wi-Fi, automatic software updates, and other innovations aim to make driving more convenient. But vehicle technologies haven't kept pace with today's more hostile security environment, leaving millions vulnerable to attack.

*The Car Hacker's Handbook* will give you a deeper understanding of the computer systems and embedded software in modern vehicles. It begins by examining vulnerabilities and providing detailed explanations of communications over the CAN bus and between devices and systems.

Then, once you have an understanding of a vehicle's communication network, you'll learn how to intercept data and perform specific hacks to track vehicles, unlock doors, glitch engines, flood communication, and more. With a focus on low-cost, open source hacking tools such as Metasploit, Wireshark, Kayak, can-utils, and ChipWhisperer, *The Car Hacker's Handbook* will show you how to:

- Build an accurate threat model for your vehicle
- Reverse engineer the CAN bus to fake engine signals
- Exploit vulnerabilities in diagnostic and data-logging systems
- Hack the ECU and other firmware and embedded systems
- Feed exploits through infotainment and vehicle-to-vehicle communication systems
- Override factory settings with performance-tuning techniques
- Build physical and virtual test benches to try out exploits safely

If you're curious about automotive security and have the urge to hack a two-ton computer, make *The Car Hacker's Handbook* your first stop.

### **From reader reviews:**

#### **Hollie Hoffman:**

The particular book *The Car Hacker's Handbook: A Guide for the Penetration Tester* will bring you to the new experience of reading a book. The author style to clarify the idea is very unique. Should you try to find new book to read, this book very suited to you. The book *The Car Hacker's Handbook: A Guide for the Penetration Tester* is much recommended to you to study. You can also get the e-book from official web site, so you can easier to read the book.

#### **Daniel Padilla:**

Playing with family in a park, coming to see the sea world or hanging out with close friends is thing that usually you will have done when you have spare time, then why you don't try issue that really opposite from that. One particular activity that make you not experience tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of knowledge. Even you love *The Car Hacker's Handbook: A Guide for the Penetration Tester*, you are able to enjoy both. It is great combination right, you still would like to miss it? What kind of hang type is it? Oh seriously its mind hangout fellas. What? Still don't have it, oh come on its known as reading friends.

#### **Marlon Taylor:**

Is it anyone who having spare time and then spend it whole day by simply watching television programs or just telling lies on the bed? Do you need something new? This *The Car Hacker's Handbook: A Guide for the Penetration Tester* can be the response, oh how comes? A fresh book you know. You are and so out of date, spending your spare time by reading in this fresh era is common not a nerd activity. So what these textbooks have than the others?

#### **Karen Tullis:**

As a student exactly feel bored to help reading. If their teacher inquired them to go to the library as well as to make summary for some guide, they are complained. Just very little students that has reading's heart and soul or real their hobby. They just do what the trainer want, like asked to the library. They go to generally there but nothing reading very seriously. Any students feel that reading through is not important, boring and can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this *The Car Hacker's Handbook: A Guide for the Penetration Tester* can make you truly feel more interested to read.
