The House on South Street

John L. Bisol

The House on South Street John L. Bisol

Evil lives in the house on South Street, waiting to devour all who live within its walls. Each and every family who has ever owned the stately Victorian mansion has experienced tragedy and misery there, seemingly caused by the sinister spirits that haunt the place to this very day.

Seekers of the paranormal won't be disappointed in the story of the house. Sometimes the activities of the evil spirits within the premises are so subtle, unbelievers can easily explain away their handiwork, but at other times, ghostly creatures burst upon the scene with such inexplicable, supernatural fury, it's nearly impossible to find a rationale explanation for the havoc they wreak. In all cases, the spirits within the house are obviously bent on controlling and possessing the very souls and destinies of all the people in their midst.

Readers, be warned. Once you enter *The House on South Street*, you may find yourself looking at eerie old houses in a new way and thinking more about that subtle movement of a curtain or the shadow that crosses in front of a window.
