Oxford IB Diploma Program Chemistry: Course Companion Sergey Bylikin, Gary Horner, Brian Murphy, David Tarcy

The *only* Diploma Program Chemistry resource developed with the IB to accurately match the new 2014 syllabus for both SL and HL, this revised edition gives you unrivalled support for the new concept-based approach to learning, *the Nature of Science*. **Understanding, applications** and **skills** are integrated in every topic, alongside TOK links and real-world connections to truly drive independent inquiry. Assessment support straight from the IB includes practice questions and worked examples in each topic, alongside support for the Internal Assessment and Extended Essay. Truly aligned with the IB philosophy, this course book gives unparalleled insight and support at every stage.

- Accurately cover the new syllabus - the most comprehensive match, with support directly from the IB on the core, AHL and all the options
- Fully integrate the new concept-based approach, holistically addressing understanding, applications, skills and the Nature of science
- Tangibly build assessment potential with assessment support straight from the IB
- Written by co-authors of the new syllabus and leading IB workshop leaders
- Supported by a fully comprehensive and updated Study Guide

About the Series:

IB Diploma Course Books are essential resource materials designed in cooperation with the IB to provide students with extra support through their IB studies. Course Books provide advice and guidance on specific course assessment requirements, mirroring the IB philosophy and providing opportunities for critical thinking.

From reader reviews:

James Dorman:

Do you have favorite book? Should you have, what is your favorite's book? Guide is very important thing for us to find out everything in the world. Each e-book has different aim or perhaps goal; it means that book has different type. Some people truly feel enjoy to spend their time and energy to read a book. They are really reading whatever they have because their hobby is actually reading a book. What about the person who don't like examining a book? Sometime, person feel need book once they found difficult problem or exercise. Well, probably you will need this Oxford IB Diploma Program Chemistry: Course Companion.

Fredrick Alfred:

Reading a publication tends to be new life style in this era globalization. With reading through you can get a lot of information that could give you benefit in your life. With book everyone in this world can certainly share their idea. Publications can also inspire a lot of people. Plenty of author can inspire their very own reader with their story or even their experience. Not only the storyline that share in the guides. But also they write about the data about something that you need example of this. How to get the good score toefl, or how to teach your children, there are many kinds of book that you can get now. The authors in this world always try to improve their skill in writing, they also doing some analysis before they write to the book. One of them is this Oxford IB Diploma Program Chemistry: Course Companion.

Kathleen Knight:

People live in this new day time of lifestyle always aim to and must have the spare time or they will get great deal of stress from both lifestyle and work. So , when we ask do people have free time, we will say absolutely of course. People is human not a robot. Then we consult again, what kind of activity are you experiencing when the spare time coming to you of course your answer will probably unlimited right. Then do you try this one, reading textbooks. It can be your alternative in spending your spare time, the particular book you have read is Oxford IB Diploma Program Chemistry: Course Companion.

Hubert Smith:

Reading a book for being new life style in this calendar year; every people loves to examine a book. When you learn a book you can get a lot of benefit. When you read publications, you can improve your knowledge, due to the fact book has a lot of information on it. The information that you will get depend on what kinds of book that you have read. If you need to get information about your review, you can read education books, but if you want to entertain yourself look for a fiction books, such us novel, comics, along with soon. The Oxford IB Diploma Program Chemistry: Course Companion offer you a new experience in looking at a book.
