Programming the Mobile Web Maximiliano Firtman

With the second edition of this popular book, you'll learn how to build HTML5 and CSS3-based apps that access geolocation, accelerometer, multi-touch screens, offline storage, and other features in today's smartphones, tablets, and feature phones. The market for mobile apps continues to evolve at a breakneck pace, and this book is the most complete reference available for the mobile web.

Author and mobile development expert Maximiliano Firtman shows you how to develop a standard app core that you can extend to work with specific devices. This updated edition covers many recent advances in mobile development, including responsive web design techniques, offline storage, mobile design patterns, and new mobile browsers, platforms, and hardware APIs.

- Learn the particulars and pitfalls of building mobile websites and apps with HTML5, CSS, JavaScript and responsive techniques
- Create effective user interfaces for touch devices and different resolution displays
- Understand variations among iOS, Android, Windows Phone, BlackBerry, Firefox OS, and other mobile platforms
- Bypass the browser to create native web apps, ebooks, and PhoneGap applications
- Build apps for browsers and online retailers such as the App Store, Google Play Store, Windows Store, and App World

From reader reviews:

Megan Martelli:

Book is definitely written, printed, or illustrated for everything. You can understand everything you want by a publication. Book has a different type. As we know that book is important factor to bring us around the world. Adjacent to that you can your reading expertise was fluently. A publication Programming the Mobile Web will make you to always be smarter. You can feel far more confidence if you can know about every little thing. But some of you think this open or reading a book make you bored. It is not make you fun. Why they are often thought like that? Have you seeking best book or ideal book with you?

Jess Cooke:

The reserve untitled Programming the Mobile Web is the publication that recommended to you to read. You can see the quality of the reserve content that will be shown to a person. The language that writer use to explained their ideas are easily to understand. The article writer was did a lot of investigation when write the book, to ensure the information that they share to your account is absolutely accurate. You also could get the e-book of Programming the Mobile Web from the publisher to make you far more enjoy free time.

Vera Pinckney:

This Programming the Mobile Web is great reserve for you because the content that is full of information for you who all always deal with world and possess to make decision every minute. This kind of book reveal it info accurately using great arrange word or we can point out no rambling sentences within it. So if you are read the idea hurriedly you can have whole data in it. Doesn't mean it only offers you straight forward sentences but tricky core information with splendid delivering sentences. Having Programming the Mobile Web in your hand like getting the world in your arm, facts in it is not ridiculous one particular. We can say that no e-book that offer you world within ten or fifteen moment right but this reserve already do that. So , this is certainly good reading book. Hey there Mr. and Mrs. stressful do you still doubt that?

Jose Hackler:

Beside this kind of Programming the Mobile Web in your phone, it can give you a way to get closer to the new knowledge or info. The information and the knowledge you are going to got here is fresh from oven so don't always be worry if you feel like an previous people live in narrow village. It is good thing to have Programming the Mobile Web because this book offers to you readable information. Do you at times have book but you seldom get what it's all about. Oh come on, that won't happen if you have this inside your hand. The Enjoyable agreement here cannot be questionable, just like treasuring beautiful island. So do you still want to miss it? Find this book as well as read it from currently!
