Industrial Location: Principles, Practice and Policy

James W. Harrington, Barney Warf

Industrial Location: Principles, Practice and Policy James W. Harrington, Barney Warf

Location is vital to the efficiency and profitability of industrial activity. *Industrial Location* presents a comprehensive introduction to and critical review of this field of growing academic and business interest.

In business, the right choices have to be made to produce profit. Industrial location is a fixed investment, crucial to the strategy and capital investment of any organization. Location also impacts upon non-investors, directly affecting employment, the environment, and economic activity in the locale.

Focusing chiefly on the United States, but drawing on an international range of cases, the authors explain the economic, social and political forces which have shaped contemporary patterns of industrialization and examines the changing nature of production and systems.
