## Qualitative Methods in Sports Studies (Sport Commerce and Culture)

This book makes a timely contribution to a broader methodological project as the first systematic examination and explication of qualitative research methods within sports studies. *Qualitative Methods in Sports Studies* assesses a variety of approaches, ranging from social historical, media text, and personal narrative to ethnographic and interview-based qualitative research methodologies. Drawing on the diversity of sport studies literature, contributors outline the major issues and strategies associated with each method. This practical research guide is an essential reference tool for students and scholars of sport and leisure studies.
