The marine world harbors many attractive creatures that can sometimes lure the unwary into danger. This dramatic, full color book provides a complete photographic survey of the world's many dangerous marine animals. Practical information contained in this volume includes the biology, habitat, and unique characteristics of each species; geographic location; and prevention and treatment of injuries from each animal. Closeups and cross-sections of the venom apparatuses of many animals are also included. This book will provide a useful reference source for marine biologists, oceanographers, marine scientists, toxicologists, as well as accident, emergency, and trauma specialists. Its exciting photographs will enthrall anyone intrigued by the sea.
