There is magic in the world, hiding in plain sight. If you search for it, you will find it, or it will find you. Welcome to the magical world.

Having lived all her life in Edinburgh, the last thing 25-year old Dizzy expected was to see a man with a real (if tiny) dragon on his shoulder. Following him, she discovered that she had stumbled from her mundane world into a parallel magical world, an alternate reality where dragons flew through the sky and the Great Powers watched over the world. Convinced that she had nothing to lose, she became apprenticed to the man with the dragon. He turned out to be one of the most powerful magicians in all of reality.

But powerful dark forces had their eye on this young and inexperienced magician, intending to use her for the ultimate act of evil – the apocalyptic destruction of all reality. If Dizzy does not realise what is happening to her and the worlds around her, she won't be able to stop their plan. A plan that will ravage both the magical and mundane worlds, consuming everything and everyone in fire.
