Searching deep within themselves can they find each other...

Jasmine Jennings is running from her past, something she never wants to deal with again. Starting out fresh in a new city, life is finally looking up. She's finally finding her own way.

That is, until she meets him — Knox Mitchell. She tries to elude him, but he's everywhere. There is a push and pull with them that she can't explain, that she doesn't want to understand. Jasmine finally gives in but then Knox begins to avoid her.

One tragic night, Knox's picture-perfect future was ripped away, all that's left is the thriving family business. His body and soul craves revenge from the one who took everything away from him. But then Jasmine crashes into Knox's life and he suddenly feels torn. She's not supposed to take up residence in his head, quite the opposite.

What is he supposed to do about falling for the girl who was going to be an integral part of his plan for retaliation? Walk away? Or run towards something he knows he shouldn't want?

When all secrets are revealed can they move forward without the past destroying any hopes of having a future together?

While this book is part of the Finding Series, it can be read as a standalone novel.
