Impulse Power

J. C. Hay, Nathalie Gray, Robert Appleton

Impulse Power J. C. Hay, Nathalie Gray, Robert Appleton

Light speed isn't fast enough to outrun the heart.

Metal Reign by Nathalie Gray

Francine knows her one chance to destroy a critical Imber fuel supply is a suicide mission, but better death than living like a rat under the enemy's thumb.

John may be only the ship's cook, but he's not letting his best friend go alone. Now's a hell of a time to discover he loves her, but there's no turning back.

The Mythmakers by Robert Appleton

Steffi and her crew of smugglers are so weary just surviving, it's tough to get excited about one more crippled ship, even though it's the salvage prize of a lifetime.

Until they discover it holds the last of Earth's mythical creatures. Including the extraordinarily beautiful and uninhibited Arne. But the enemy is closing in, and Steffi must choose: cut and run, or tow the precious ship to safety.

Hearts and Minds by J.C. Hay

It was a simple smash-and-grab job. But the client failed to mention that Syna's the diversion for an assassination attempt that leaves her with a sexy, telepathic passenger.

Inexorably, Syna is dragged into a war that isn't hers, and discovers—between knock-down-drag-outs—that she and Galen are a whole, far stronger than the sum of their parts.

Warning: Contains explicit sex, ménage, violence, nudists, boxing as foreplay, rogue telepaths and naïve men. Space invaders were seriously harmed in the making of this book.

From reader reviews:

Jennifer Jones:

Hey guys, do you want to find a new book to see? Maybe the book with the subject Impulse Power suitable to you? The book was written by renowned writer in this era. The book titled Impulse Power is the main of several books which everyone reads now. This particular book was inspired a lot of people in the world. When you read this review you will enter the new dimensions that you ever know just before. The author explained their concept in the simple way, and so all of people can easily comprehend the core of this book. This book will give you a lot of information about this world now. To help you see the represented of the world within this book.

Viola Waters:

Reading an e-book tends to be a new life style in this era globalization. With studying you can get a lot of information which will give you benefit in your life. With books everyone in this world can share their idea. Guides can also inspire a lot of people. Lots of authors can inspire their reader with their story or maybe their experience. Not only the storyplot that share in the guides. But also they write about the knowledge about something that you need illustration. How to get the good score toefl, or how to teach your kids, there are many kinds of books which exist now. The authors these days always try to improve their skill in writing, they also do some exploration before they write on their book. One of them is this Impulse Power.

Nancy Hartsell:

This Impulse Power is a great book for you because the content and that is full of information for you who also always deal with the world and get to make decisions every minute. This book reveals its facts accurately using great plain words or we can state no rambling sentences in it. So if you are reading it hurriedly you can have whole facts in it. Doesn't mean it only provides straight forward sentences but tough core information with wonderful delivering sentences. Having Impulse Power in your hand like getting the world in your arm, info in it is not ridiculous a single. We can say that no book that offers you the world in ten or fifteen seconds right but this review already does that. So, it is a good reading book. Hey Mr. and Mrs. active do you still doubt this?

Robert Spann:

Is it you who have spare time and then spend it whole day by means of watching television programs or just resting on the bed? Do you need something totally new? This Impulse Power can be the reply, oh how comes? The new book you know. You are so out of date, spending your time by reading in this new era is common not a geek activity. So what these publications have than the others?
