The Diary of Jill Woodbine: A Novel of the Zombie Apocalypse Jay Smith

The Diary of Jill Woodbine follows a courageous, young journalism student as she documents the end of the world. Using camera phones and laptops, Jill chronicles her journey and the horrors she witnesses. Jill documents the heroism of police and military forces who sacrifice themselves to move civilians to safe zones and relocation stations where short-term shelter becomes a long-term prison. Finally, Jill meets the mysterious Red Molly who draws her into a conspiracy of lies and illusion inside a relocation center that is not what it seems and shares secrets that might help save the human race. Based on the Parsec-award finalist podcast of the same name, this is the story of Jill's journey of self-discovery and heroism in the face of the zombie apocalypse.
