Dart for Absolute Beginners David Kopec

Dart for Absolute Beginners enables individuals with no background in programming to create their own web apps while learning the fundamentals of software development in a cutting edge language. Easily digested chapters, while comprehensive enough to explore the whole domain, are aimed at both hobbyists and professionals alike. The reader will not only gain an insight into Dart, but also the technologies behind the web. A firm foundation is laid for further programming studies.

Dart is a new, innovative language developed by Google which is poised to take the web by storm. For client side web app development, Dart has many advantages over JavaScript. These include but are not limited to: improved speed, enforcement of programmatic structure, and improved facilities for software reuse. Best of all, Dart is automatically converted to JavaScript so that it works with all web browsers. Dart is a fresh start, without the baggage of the last two decades of the web. Why start learning to program with yesterday's technology?
- Teaches you the fundamentals of programming and the technologies behind the web.
- Utilizes the cutting edge, easy to learn, structured Dart programming language so that your first steps are pointed towards the future of web development.
- No prior knowledge is required to begin developing your own web apps.

What you'll learn

- Become proficient in the fundamentals of programming.
- Learn how the technologies behind the web work.
- Use Dart to write small to medium size web apps.
- Understand enough HTML and CSS to create your own designs.
- Be capable of interpreting others' code.
- Develop a foundation that enables you to further advance your programming skills.

Who this book is for

Dart for Absolute Beginners is for readers with no prior knowledge of programming (or even HTML) who are interested in taking their first steps into web development with the "latest and greatest" web programming language, Dart. Hobbyists will appreciate its easy-to-digest content, while its focus on the cutting edge Dart language will appeal to professionals. It's also for the reader who simply has a curiosity about how the web and/or programming works – he will gain insight into its technologies without getting into the tiresome emphasis on semantics in some introductory texts. *Dart for Absolute Beginners* is a thoroughly approachable text for new programmers of all backgrounds.

From reader reviews:

Colleen Harman:

What do you concerning book? It is not important along with you? Or just adding material when you require something to explain what the ones you have problem? How about your spare time? Or are you busy man or woman? If you don't have spare time to perform others business, it is make one feel bored faster. And you have free time? What did you do? Everybody has many questions above. They should answer that question mainly because just their can do that will. It said that about publication. Book is familiar on every person. Yes, it is proper. Because start from on kindergarten until university need this particular Dart for Absolute Beginners to read.

Travis McDonald:

Nowadays reading books be a little more than want or need but also work as a life style. This reading routine give you lot of advantages. The benefits you got of course the knowledge the actual information inside the book which improve your knowledge and information. The knowledge you get based on what kind of publication you read, if you want attract knowledge just go with knowledge books but if you want experience happy read one using theme for entertaining for example comic or novel. The Dart for Absolute Beginners is kind of reserve which is giving the reader unpredictable experience.

Dwight Roberts:

The reason why? Because this Dart for Absolute Beginners is an unordinary book that the inside of the book waiting for you to snap it but latter it will distress you with the secret that inside. Reading this book beside it was fantastic author who else write the book in such wonderful way makes the content inside of easier to understand, entertaining technique but still convey the meaning fully. So , it is good for you because of not hesitating having this any longer or you going to regret it. This phenomenal book will give you a lot of gains than the other book include such as help improving your proficiency and your critical thinking technique. So , still want to hesitate having that book? If I had been you I will go to the guide store hurriedly.

Janie Williams:

Don't be worry if you are afraid that this book will filled the space in your house, you might have it in e-book technique, more simple and reachable. This kind of Dart for Absolute Beginners can give you a lot of friends because by you investigating this one book you have thing that they don't and make you actually more like an interesting person. This specific book can be one of one step for you to get success. This reserve offer you information that probably your friend doesn't recognize, by knowing more than other make you to be great folks. So , why hesitate? Let's have Dart for Absolute Beginners.
