Catholicism and Religious Freedom: Contemporary Reflections on Vatican II's Declaration on Religious Liberty

The late Pope John Paul II frequently invoked *Dignitatis Humanae* as one of the foundational documents of contemporary Church social teaching. In this timely new edited collection, *Catholicism and Religious Freedom: Contemporary Reflections on Vatican II's Declaration on Religious Liberty*, Kenneth L. Grasso and Robert P. Hunt have assembled an impressive group of scholars to discuss the current meanings of one of the Vatican's most important documents and its place in the Church. *Dignitatis Humanae* understands itself as bringing 'forth new things that are in harmony with the old.' Today, forty years after its publication, the precise nature of these 'new things' and their relationship to 'the old' remain among the most important pieces of unfinished business confronting Catholic social thought. The theological issues brought forth in *Dignitatis Humanae* go to the heart of the contemporary debate about the nature, foundation, and scope of religious liberty. Here, the contributors to this volume give these considerations the serious and sustained attention they deserve.
