Human Cruelty - The Most Sadistic Revenge Novel on the Market (A Glimpse into Hell Book 4) Wade H. Garrett

A Story of Avenging our Four-Legged Friends.

This is book four in the "A Glimpse into Hell series". Brad Johnson, a thief and lowlife, tortured and killed Kenneth Evans' beloved pet, Roxie, during a burglary. Kenneth wanted to exact revenge against Brad in the most horrific way possible, so he sought out Seth Coker, a notorious vigilante. Kenneth didn't realize the door he was opening would unleash a wrath of vengeance like no other. He was instantly drawn into Seth's world. A world of torment and terror equal to the horrors found in the deepest and darkest parts of Hell. A world filled with violence and agony. A world of pure chaos.

In this story, Seth Coker and Kenneth Evans, torture lowlifes that have been cruel to animals. Filled with gruesome and sadistic acts of punishment. This book is not for the meek. Only the seasoned extreme-horror reader should embark on this journey.

WARNING! EXTREME-HORROR

This book is extremely gruesome and contains over the top, inhumane, filthy and sadistic torture scenes combined with political incorrectness and dark humor. May be disturbing to sensitive readers.

A brief comment from the author:

My subject matter and humor is not for everyone, especially criminals (particularly molesters and rapists), and people who believe criminals have rights, or even people who are sensitive to extreme gore. I know this will occasionally cost me a low rating and BS review, even though I post numerous warnings. In addition, I welcome advice from my readers. I write because of you, so I listen to criticism and praise. I've tried to create the best quality read possible, but unfortunately, most of us indie authors don't have the means to hire an expensive editing agency like the mainstream authors and publishers use, and some of us rely on friends, family, fans and individuals who charge a reasonable fee. I can read a sentence ten times with a mistake, and my brain plugs in the correct word every time, even if it's missing, so I'm useless as a proofreader. Even though I used editing software and numerous people have edited and proofread it, there could be some errors remaining. If anyone wants to proofread my book(s), please email me.

If you like Human Cruelty, please leave a review. The more positive reviews, the higher it is on Amazon's search list, resulting in more people finding it. I truly appreciate the positive reviews, comments and support that I have been receiving. I will continue writing as long as there are people that appreciate my work.
