CISA Review Manual 2011 Isaca

Updated to reflect a new job practice analysis, the *CISA Review Manual 2011* is a comprehensive reference guide designed to help individuals prepare for the CISA exam and understand the roles and responsibilities of an information systems (IS) auditor. The manual has been enhanced over the past editions and represents the most current, comprehensive, peer-reviewed IS audit, assurance, security and control resource available worldwide.

The 2011 manual is organized to assist candidates in understanding essential concepts and studying the following updated job practice areas:

- The Process of Auditing Information Systems
- Governance and Management of IT
- Information Systems Acquisition, Development and Implementation
- Information Systems Operations, Maintenance and Support
- Protection of Information Assets

The *CISA Review Manual 2011* also features an easy-to-use format. Each of the five chapters has been divided into two sections for focused study. Section one of each chapter contains the definitions and objectives for the five areas, as well as the corresponding tasks performed by IS auditors and knowledge statements (required to plan, manage and perform IS audits) that are tested on the exam. It also includes:

- A map of the relationship of each task to the knowledge statements
- A reference guide for the knowledge statements, including the relevant concepts and explanations
- References to specific content in section two for each knowledge statement
- Sample practice questions and explanations of the answers
- Suggested resources for further study

Section two of each chapter consists of reference material and content that supports the knowledge statements. The material enhances CISA candidates' knowledge and/or understanding when preparing for the CISA certification exam. In addition, the *CISA Review Manual 2011* includes brief chapter summaries focused on the main topics and case studies to assist candidates in understanding current practices. Also included are definitions of terms most commonly found on the exam.

This manual is excellent as a stand-alone document for individual study and as a guide or reference for study groups and chapters conducting local review courses. It also serves as an effective desk reference for IS auditors

From reader reviews:

Fernando Rowe:

In this 21st centuries, people become competitive in each way. By being competitive today, people have do something to make all of them survives, being in the middle of the actual crowded place and notice by surrounding. One thing that sometimes many people have underestimated that for a while is reading. Yep, by reading a e-book your ability to survive increase then having chance to stand up than other is high. For you personally who want to start reading a new book, we give you this particular CISA Review Manual 2011 book as beginner and daily reading book. Why, because this book is usually more than just a book.

Jerry Petrus:

This CISA Review Manual 2011 is great publication for you because the content and that is full of information for you who else always deal with world and have to make decision every minute. This kind of book reveal it facts accurately using great plan word or we can say no rambling sentences inside it. So if you are read this hurriedly you can have whole info in it. Doesn't mean it only offers you straight forward sentences but challenging core information with beautiful delivering sentences. Having CISA Review Manual 2011 in your hand like finding the world in your arm, information in it is not ridiculous a single. We can say that no publication that offer you world in ten or fifteen second right but this publication already do that. So , this is certainly good reading book. Heya Mr. and Mrs. occupied do you still doubt that?

Lisa Haight:

A lot of reserve has printed but it is different. You can get it by internet on social media. You can choose the best book for you, science, comic, novel, or whatever through searching from it. It is referred to as of book CISA Review Manual 2011. You can contribute your knowledge by it. Without causing the printed book, it could add your knowledge and make you actually happier to read. It is most critical that, you must aware about e-book. It can bring you from one place to other place.

Leigh Harris:

What is your hobby? Have you heard which question when you got college students? We believe that that problem was given by teacher to the students. Many kinds of hobby, Every person has different hobby. So you know that little person such as reading or as reading through become their hobby. You have to know that reading is very important along with book as to be the thing. Book is important thing to incorporate you knowledge, except your own teacher or lecturer. You discover good news or update about something by book. Different categories of books that can you decide to try be your object. One of them is niagra CISA Review Manual 2011.
