The Shape of Things to Come Paul Seiple

Give a kid the power to shape the world...and hope he doesn't destroy it.

Puberty isn't the same for Jerry Aldridge as it is for other teenagers. There's no time to worry about a cracking voice. Jerry must learn to control a gift given to him by a higher power.

And it all starts with a kiss. One afternoon, in the bedroom of the girl of his dreams, Jerry comes face-to-face with who he truly is — a shape shifter.

After his mother's tragic passing, Jerry is forced to leave the girl behind and move to Florida with his grandparents. As he ages, shifting becomes easier to control. Even with the ability to become anyone or anything, something is missing — the girl.

And revenge.

Jerry blames his father for his mother's death and for what he has become. He embarks on a quest to get the girl and taste revenge. As his powers evolve, the line between right and wrong become blurred. At heart, Jerry knows he's good, but evil can be a damn good temptress. And in the end her touch may be too much to overcome.

The Shape of Things to Come is a unique take on the origin of good versus evil, set in the 1980s when hair metal ruled the airwaves and acid-washed jeans were actually fashionable.
